

National Forest Foundation

Our mission is to engage Americans in the restoration and enjoyment of National Forest and Grasslands

National Forest Foundation

How NFF Works

Work with Forest Service staff to develop relationships and understand restoration and partnership needs

Fund implementation of restoration projects for “outdoor experiences” and “forest health”

Engage Americans through hands-on restoration or assist in engagement of the agency planning process

How NFF Works

- Award grants to NGOs partners
- Directly hire contractors to conduct on the ground work
- Agreements with Forest Service
 - Nation-wide MOU
 - Challenge Cost-Share Agreements
 - Blanket Purchase Agreements
- Engage volunteers and partners

NFF's Alaska Program

- Since 2002, the NFF has raised and leveraged over \$9.25 million in Alaska
- Improved cabins, trails, campgrounds, restored watersheds to improve salmon habitat & supported youth engagement
- Provided grants to local nonprofits & Tribes
- Contracting and project management for the Forest Service

Chugach NFF Projects

- Resurrection Creek Restoration Project in Hope
- Martin Lake Cabin Reconstruction Project in Cordova
- Turnagain Pass Trail expansion from Ingram Creek to the Portage Curve
- Alaska Cabins Project: Trail River Cabin, Porcupine Campground Cabin and Meridian Lake Cabin and more to come

AK Cabins Project

- 2023 partnership with the Forest Service
- Largest expansion of cabins in 50 years
- Constructing 25 new cabins on the Tongass and Chugach National Forests
- Repairing 10 existing cabins
- 2023 – 2026 timeframe

THANK YOU!
