

PRELIMINARY DATA ASSEMBLY - YAKUTAT RANGER DISTRICT

District Name: YAKUTAT													
			RTAT Data		INSTITUTIONAL KNOWLEDGE FROM RD		OUTFITTERS DATABASE (2013-2017)		SHOVEL READINESS (FROM RD)				
Trail or Trail System	Trail #	Miles of Trail	Unique Opportunities	Resource Protection	Value to Communities	Value to Tourism	Avg # clients/yr	Avg # companies/yr	Design narrative	NEPA	NHPA Section 106	Survey and Design	Notes from District Staff 2020
LOWER SITUK RIVER TRAIL	35724	2.57	SPORT FISHING ACCESS (5000 people)	Low	High	High			In progress	In progress	In progress	In progress	This is a high use trail. The Situk River continues to move and take out the trail. We need to realine it away from the river. There is also a bridge that is rotting and should be removed and realine the trail. Rainy season parts can be impassable, heavy fishing access. "Situk River Corridor Trails" has requested planning dollars for FY22 through GAOA.
SITUK RIVER TRAIL	35649	2.39	PUBLIC REC CABIN ACCESS, AIRSTRIP	Low	High	High	1051	435	In progress	In progress	Not yet started	In progress	This trail gets the most use on the district with about 3000 hiker/fishermen per year. Possible realign, redesign. "Situk River Corridor Trails" has requested planning dollars for FY22 through GAOA.
CANNON BEACH PAVILION RENOVATION and COAST GUARD BEACH (TAWAH CREEK LOOP TRAIL)			2WWII CANNONS AND OTHER HISTORIC VALUE		High	High			In progress	In progress	Not yet started	Not yet started	High priority for FS. Requested planning dollars through FY22 GAOA

* See introduction for details on data sources and parameter definitions.

PRELIMINARY DATA ASSEMBLY - YAKUTAT RANGER DISTRICT

Trail or Trail System	Trail #	Miles of Trail	Unique Opportunities	Resource Protection	Value to Communities	Value to Tourism	Avg # clients/yr	Avg # companies/yr	Design narrative	NEPA	NHPA Section 106	Survey and Design	Notes from District Staff 2020
DANGEROUS RIVER - MID ITALIO ATV			COMMUNITY USE IS HIGH: MOOSE, COMMERCIAL FISHING AND OUTFITTER CAMPS, GLASS BALL HUNTING		High	High	248	51	In progress	Not yet started	Not yet started	Not yet started	Gets you on the other side of DR, continue to the ocean on ATV. Will provide access for outfitter guides. Requested planning dollars through FY22 GAOA
UPPER 9-MILE TRAIL	35650	0.39		High	High	High	47	20					Requested planning dollars through FY22 GAOA, \$800K ask for maintenance
COLORADO ROAD AND TRAIL	359952	2.76	ATV/PEDESTRIAN TRAIL, MOOSE HUNTING, MEADOW ACCESS	Moderate	High	Low			Design narrative signed	Decision signed or NEPA not needed	Process complete	Plan-in-hand	This is an old road, that is now an ATV trail. It needs to be brushed out, but it is in pretty good shape for the most part. Continue maintaining
HARLEQUIN LAKE	35655	0.7	HARLEQUIN LAKE	Low	High	Moderate	25	8	In progress	Decision signed or NEPA not needed	Process complete	In progress	This trail needs a side slope cut out, it has been flagged and all the ologists have signed off on it. It could use some gravel in some muddy spots. This trail does go in the wilderness. Possible realign

* See introduction for details on data sources and parameter definitions.

PRELIMINARY DATA ASSEMBLY - YAKUTAT RANGER DISTRICT

Trail or Trail System	Trail #	Miles of Trail	Unique Opportunities	Resource Protection	Value to Communities	Value to Tourism	Avg # clients/yr	Avg # companies/yr	Design narrative	NEPA	NHPA Section 106	Survey and Design	Notes from District Staff 2020
MIDDLE DANGEROUS TRAIL	35654	4.04	PUBLIC REC CABIN ACCESS/ MOOSE HUNTING ACCESS	Very Low	High	Moderate	26	10	In progress	Decision signed or NEPA not needed	Not yet started	In progress	This trail has major sheet flow issues. There are several ATV boardwalk that were constructed in 2011, and some of them are holding up fine, but others are getting washed out. There is a drainage, that is moving every fall, and it is hard to know where to put another ATV boardwalk, because the drainage is moving so much. Continue maintaining
DANGEROUS RIVER BOAT LAUNCH					High	Moderate							Complete last year or year before; done, people are using it
MID ITALIO & SPURS	35850M	7.55	COMMERCIAL FISH TRAIL		High	Moderate							Not maintained
MID ITALIO LOOP & SPURS	35855M	3.54	COMMERCIAL FISH TRAIL		High	Moderate							Not maintained
BLACK SAND NORTH	35820M	0.25	COMMERCIAL FISH TRAIL		High	Very Low							Not maintained. People are driving across black sand spit to get to the open beach on the other side. This trail is used alot... but changes location every tide.
BLACK SAND SOUTH	35825M	0.27	COMMERCIAL FISH TRAIL		High	Very Low							Not maintained
MUDDY ALSEK	35840M	2.39	COMMERCIAL FISH TRAIL		High	Very Low							Not maintained

* See introduction for details on data sources and parameter definitions.

PRELIMINARY DATA ASSEMBLY - YAKUTAT RANGER DISTRICT

Trail or Trail System	Trail #	Miles of Trail	Unique Opportunities	Resource Protection	Value to Communities	Value to Tourism	Avg # clients/yr	Avg # companies/yr	Design narrative	NEPA	NHPA Section 106	Survey and Design	Notes from District Staff 2020
LOST RIVER TRAIL	35725	0.25	COHO ACCESS	Moderate	Moderate	High			Not yet started	Not yet started	Not yet started	Not yet started	This is a tough one. LOADS or coho fishermen, but there is some private property (a native allotment) that is near the end of this trail, and the property owners are not easy to deal with... I think they would like the Forest Service to block sports fishermen from using their land, but our land is public... conflict there, that I haven't dealt with yet. Continue Maintaining
TAWAH CREEK TRAIL	35661	0.16		Low	Moderate	Moderate	22	10	Design narrative signed	Decision signed or NEPA not needed	Process complete	Plan-in-hand	This trail is ok. GeoBlock needs maintenance, and some boardwalk needs to be constructed. It could use some gravel too. Would need easement through NA property to do realign/reconstruct.
LOWER TAWAH TRAIL	35663	1.08	COHO ACCESS	High	Moderate	Moderate			Design narrative signed	Decision signed or NEPA not needed	Process complete	Plan-in-hand	This trail is ok. GeoBlock needs maintenance, and some boardwalk needs to be constructed. It could use some gravel too. (Consider designing access points)

* See introduction for details on data sources and parameter definitions.

PRELIMINARY DATA ASSEMBLY - YAKUTAT RANGER DISTRICT

Trail or Trail System	Trail #	Miles of Trail	Unique Opportunities	Resource Protection	Value to Communities	Value to Tourism	Avg # clients/yr	Avg # companies/yr	Design narrative	NEPA	NHPA Section 106	Survey and Design	Notes from District Staff 2020
SITUK LAKE (EASTGATE ACCESS)	35723	3	ACCESS TO SITUK LAKE TRAIL (ELIMINATES 3 MILES)	Low	Moderate	Moderate	3	3	Design narrative signed	Decision signed or NEPA not needed	Process complete	Plan-in-hand	This is a wet boggy trail, and not much use. This is a low priority. Continue maintaining
TEN-MILE BOG ATV ROUTE	35726	1.24	MOOSE HUNTING ACCESS, PUBLIC CABIN ACCESS	Low	Moderate	Moderate			Design narrative signed	Decision signed or NEPA not needed	Process complete	Plan-in-hand	This trail is in pretty good shape. We need to replace a few ATV boardwalk and some GeoBlock, and it could use some more gravel, but it is in pretty good shape. Continue maintaining
REDFIELD LAKE ACCESS TRAIL	35662	0.08	CANOE PORTAGE ACCESS, HAS HIGH USE POTENTIAL	Very Low	Low	Low			Design narrative signed	Decision signed or NEPA not needed	Process complete	Plan-in-hand	Staff would like to expand this and make it a canoe/portage system. And if this is the case, then the stuff on the side is not yet done. But for the little access trail we could use some assistance with moving the trail a little (better side slope) for easier halling of canoes up over the moraine.
SITUK LAKE (PREEASTGATE)	35659	3	PUBLIC REC CABIN ACCESS	Low	Low	Low			Design narrative signed	Decision signed or NEPA not needed	Process complete	Plan-in-hand	Some of the current split log boardwalk are failing and being replaced with boardwalk. We need to continue replacing these. Needs recons/realign

* See introduction for details on data sources and parameter definitions.

PRELIMINARY DATA ASSEMBLY - YAKUTAT RANGER DISTRICT

Trail or Trail System	Trail #	Miles of Trail	Unique Opportunities	Resource Protection	Value to Communities	Value to Tourism	Avg # clients/yr	Avg # companies/yr	Design narrative	NEPA	NHPA Section 106	Survey and Design	Notes from District Staff 2020
VONDERHEIDE TRAIL	35722	3.4	VARIETY OF LANDSCAPES, ACCESS TO BASE OF MOUNTAIN	Very Low	Low	Very Low			Design narrative signed	Decision signed or NEPA not needed	Process complete	Plan-in-hand	This trail needs a bit more gravel. There are some beavers that have flooded a portion of the trail. Gravel will help enough I think. Also it goes up into the wilderness, and there was a blow down event up there, and we should try to cut it out with cross cut saws.
MOUNTAIN LAKE	35652	1.95	PUBLIC REC CABIN ACCESS	Moderate	Low	Low			Design narrative signed	Decision signed or NEPA not needed	Process complete	In progress	This trail is in the Russell Fjord Wilderness, It has a bridge out, and we are discussing replacing it with a canoe. It doesn't need much work to it.
RUSSELL FIORD	35721	0.8	FIORD ACCESS	Very Low	Moderate	Moderate	13	5	In progress	In progress	Process complete	In progress	This trail needs a side slope cut out, it could use some gravel in some muddy spots. This trail does go in the wilderness. Continue maintaining
REDFIELD LAKE EXPANSION PORTAGING					Moderate	Moderate			In progress	Not yet started	Not yet started	Not yet started	
INSTALL SEA OTTER CABIN					Moderate	Moderate			Not yet started	In progress	Not yet started	Not yet started	Built; erosion is an issue

* See introduction for details on data sources and parameter definitions.

PRELIMINARY DATA ASSEMBLY - YAKUTAT RANGER DISTRICT

Trail or Trail System	Trail #	Miles of Trail	Unique Opportunities	Resource Protection	Value to Communities	Value to Tourism	Avg # clients/yr	Avg # companies/yr	Design narrative	NEPA	NHPA Section 106	Survey and Design	Notes from District Staff 2020
ANKUA-DRY BAY HISTORIC CANOE ROUTE			HUT TO HUT IN THE FUTURE. TRIBE WANTS A LODGE		Moderate	Low			Not yet started	Not yet started	Not yet started	Not yet started	Changes with the tides; tribe was interested in this project. All it needs is a little more advertising. Easier to do on foot than in a canoe. Maybe 30 years - last time full route was used.
TANIS MESA TRAIL	35660	0.44	PUBLIC REC CABIN ACCESS	Low	Moderate	Moderate							Trail is fine, remote, and not a priority at this time. Continue maintaining
CABIN CREEK & SPURS	35830M	2.75	COMMERCIAL FISH TRAIL		Moderate	Very Low							Not maintained
CANNERY	35845M	1.26	COMMERCIAL FISH TRAIL		Moderate	Very Low							Not maintained
BANANASTRIP	35810M	0.43	SLATERS COMMERCIAL FISH CAMP ACCESS		Very Low	Very Low							Not maintained
EAST SLATE	359984	0.26			Very Low	Very Low							Sleeping
NATMAS	35890M	0.28	COMMERCIAL FISH TRAIL		Very Low	Very Low							Not maintained

* See introduction for details on data sources and parameter definitions.
